## White Christmas

I'm dreaming of a white Christmas
Just like the ones I used to know
Where the tree tops glisten
And children listen to hear sleigh bells in the snow.
I'm dreaming of a white Christmas
With ev'ry Christmas card I write
May your days be merry and bright
And may all your Christmases be white.

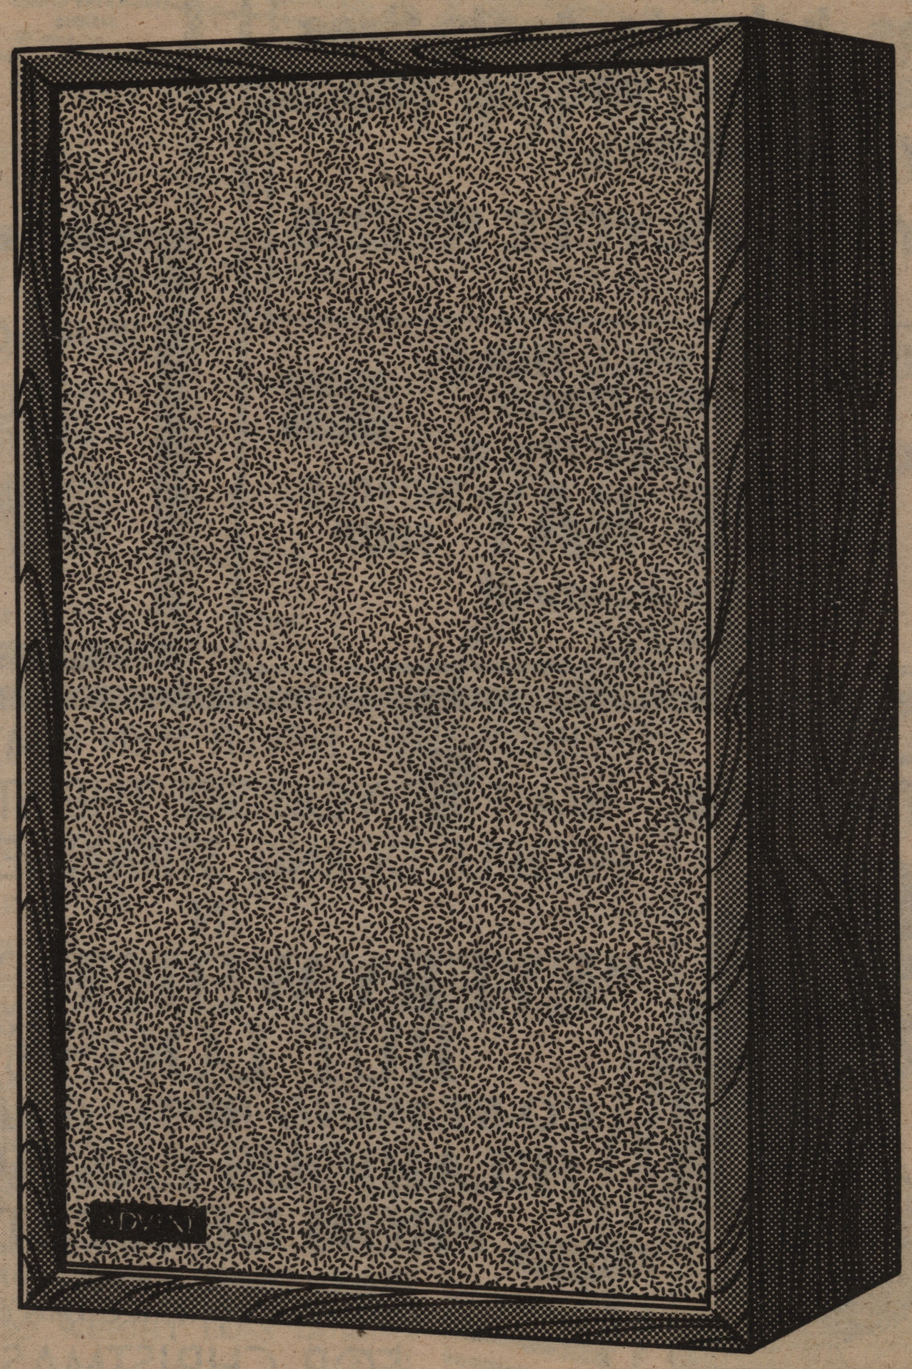
# Introducing the Advent/1.

***Probably the best-sounding $159 speaker ever.***



The Advent/1 is a smaller, less expensive version of the most popular and most imitated speaker in the country: the New Advent Loudspeaker. It uses the same woofer and the same tweeter as the New Advent, but in a smaller cabinet.

The results are nothing short of amazing. Its smooth, rich, wide-range sound sets new performance standards for its price range. It literally out-performs speakers selling for three times as much.

Before you spend more than $159 each on new speakers, be sure to hear the new Advent/1's.
